~300 Cows and calves returned to YNP on May 29th..on the 30th these animals were moved to Seven Mile meadows. On the 30th ~ 40 head were moved from the South Fork to Seven Mile bridge. On the 31st 13 head taken from Bakers Hole to Cougar Meadows. Animals are moving east from seven Mile to Madison Junction and the splitting and moving north or south.

This week: 30 animals in lower bear Trap----will haze these animals today--
-permission to go thru bear enclosure east of Duck Creek has been obtained.; ~ 12
bulls around the Stennitt property; 25 head on Galanis property. Single Bull on
South Fork is now unhazable and will be probably lethally removed. DOL asked
about possibility of capturing unhazable groups and hauling animals into the Park.
YNP will check.

Bulls, cows reported in Gardiner Basin are returning to the park.

FS: Need to give FS-West a heads up befor a hazing op on FS. Would prefer
any lethal removal not to be on FS.
