

Greetings. Please see the attached bison harvest log. I have updated it to reflect bison harvested recently (one in Gardiner by a state hunter on 1/12 in the Eagle Creek area) and harvests that were confirmed through a phone survey of hunters. Some reported kills have not been confirmed through survey yet, so please use this graph as an in-season indicator only. Numbers are subject to change with reporting.

From this information, it appears to date, state hunters have harvested a total of 9 bison, with an unconfirmed figure of 51 for tribal treaty hunts. As for bison movement, we've had bison continue to use private property on the west wide, while a handful of bison have moved into the Gardiner area recently.

Thank you.

Andrea Jones
