

27 Jan 2014

Greetings.

I have updated the bison harvest log to – again – include recent takes in the Gardiner area (Beattie). This is a fluid situation as hunters are on the ground and bison seem to be on the move in that area. Mid-morning today, hunters took 8 bison and I cannot confirm sex, etc. at this point, but wanted to get you this update.

1/24: 3 bulls (state), 2 bulls (CSKT)

1/27: 8 unk (CSKT)

I am unaware of any recent harvest on the West side as bison remain in an unhuntable location. Please use these numbers as an in-season indicator. Please share any concerns or updates to these numbers.

Cheers,

Andrea Jones
