

3-31-2014

Greetings.

Please see the attached bison hunt harvest log. This likely marks the last bison harvest report until next fall with hunt activity coming to its spring end.

Activity since the last report occurred on the Gardiner side. The total harvest in the Gardiner area reached 258 for combined hunters, while the West Yellowstone hunt harvest total remains at 64. **This pushes the total harvest to 322 bison since late fall 2013.** Here are the harvests with approximate location since the last report as noted by CTU enforcement on the ground:

3/26: 1 bull, 1 calf (CTU) – Cutler

3/27: 3 bulls, 1 calf (CTU) – Eagle Creek

*Thank you for your help in keeping accurate numbers this year. Please use these numbers as an in-season indicator and let me know of necessary corrections or clarifications.*

*\*Also note that we did have a bison mortality due to a vehicular collision early this morning.*

Regards,

**Andrea Jones**
