

12-22-14

Greetings.

There has been little movement of bison to report as of late. It is possible there are a couple bulls outside the Park still on the north side, but I'm unaware of any on the west side.

I can confirm 5 bison taken to date by state hunters (3 in West, 2 in Gardiner). All bulls. The tally is likely greater in Gardiner, but I'm waiting for our Warden's return from vacation to confirm another possible take or two in that area. Tribal entities have not reported any take as of yet.

The state will conduct a post-hunt period harvest surveys to confirm our numbers.

Thanks and happy holidays!
