

2-5-15

Greetings.

We have continued to see harvest success on the Gardiner side (HD-385), with a bit of a slowdown in the past several days. Please note the confirmed reported harvest on the attached harvest log. The total combined state and tribal harvest is 148 bison (112 males, 36 females). Of the 148 taken, 145 were harvested in Gardiner. Some kills will not be noted until a post secondary harvest survey is performed.

As for bison movement, there has been no sign of activity on the west side, and only reports of a small group of bulls may be outside Yellowstone on the north side at this time.

Thanks to the tribal representatives for continuing to provide updates.

The CSKT have concluded this season's hunt. The state will wrap up its season on February 15.

*Please use the numbers listed in this email and in the harvest log as an in-season indicator only.*

Cheers,

-----
