

3-6-15

Please see the attached updated bison harvest log. You'll note an additional state harvest, and two reported bison taken by the Nez Perce. All three occurred *prior* to my last report and there has been little activity since.

Combined state and tribal harvest bison stands at **185**, with tribal harvest confirmed by representatives:

- State – 41 (Season ended February 15)
- Salish & Kootenai – 110 (Season ended January 31)
- Nez Perce – 25
- Shoshone-Bannock – 5
- Umatilla – 4

There are no reported bison outside of Yellowstone National Park.

Please let me know of any updates or errors.

Cheers,

**Andrea Jones**
