

4-24-15

The attached bison harvest log for the 2014-2015 winter season reflects a change to the state's hunt harvest numbers due to a late report on behalf of a hunter, and an additional late state harvest on the West side (a permitted damage hunt on private property).

Therefore the new confirmed total harvest of bison by state and tribal entities is **216** (201 taken in the Gardiner district, 15 taken in the West District).

Please let me know if you have any questions.

Sorry to miss you at the IBMP meeting. Thank you to the Partners in helping keep this harvest data.
